

Report to the Community

Cameron House remains steadfast in its mission to build strength and resilience through family-centered programs.

A note from Liane Wong, Board President

In 2023, life finally started to feel “normal” after several years of the Covid pandemic. Your continued support for our invaluable work during this time allowed us to provide our services in-person, online and in the new hybrid mode.

A big focus was renewed emphasis on in-person events. Seeing old friends and feeling the warmth of our community never felt so good at Picnic in the Park, Joy on Joice, and Rekindle, Reconnect, Rediscover.

Our commitment to serve the San Francisco Chinese community shone brightly as a registered Heritage School. Martial arts, lion dancing, cooking and crafts are integrated into our youth curriculum to instill pride in Chinese culture and tradition. Our thriving Bilingual Afterschool Program (BAP) continued to operate at capacity with 60 children daily.

Unfortunately, our beloved Friday Night Club program was a casualty of the pandemic. Restarting and reimagining a program for high schoolers will be a priority.

Our Social Services department pivoted to serve counseling clients by offering hybrid sessions. Some clients returned in person, while others continued to meet via Zoom due to lingering fear of Covid and for convenience sake.

Serving immigrants through ESL classes had an enormous impact on our students' quality of life. Student Gina Zhou, a former teacher in China, said, “In the ten short weeks, I learned a lot of practical conversational English. My ESL teacher taught in Cantonese and English. My classmates and I wrote a thank you card to her at the end of the course. She commented, “Your bilingual ability is your wealth.” Indeed!” (translated from Chinese)

At the end of the year, we experienced a transition with the departure of Executive Director Michael Lee and the addition of Interim Executive Director Bhupendra Sheoran– a change in leadership is never easy. However, we are excited for what lies ahead: new leadership, new opportunities to serve the community, and last but not least, celebrating our 150th anniversary with you in 2024.

In community,

Liane Wong

Testimonials:

“

I really learned a lot from your ESL & Computer Tech Class via Zoom. I had leg surgery about 2 months ago. I couldn't go shopping and attend to my daily activities. I was extremely bored at home. Luckily, I attended your class. It meant a lot to me. I learned different iPad & iPhone techniques. Now, I know how to use maps to navigate on how to take the bus to places I want to go to. I also know how to use my cellphone to send text messages and emails. Also, I learned practical conversational English used in my daily life. I really appreciate my teacher, Ms. Lok, and her team's enthusiasm and motivation. Thank you!

Ms. H. Chan: ESL program participant

“

I used to think that learning computers was very difficult to learn and understand. After I learned ESL & Computer Tech class from teacher, Ms. Lok, I know how to use text messages and share my photos with my friends. Also, I learned a lot of practical conversational English skills used in my daily life. I recall meeting up a Caucasian friend at a party. He said “Thank You,” and then I said “Anytime.” He said that that is American English. I was so happy, because I was able to communicate in English. I felt that my life was heading towards a positive direction. I made a lot of friends in the class. We helped each other and respected each other. I do not feel lonely anymore.

Ms. X. Huang, ESL program participant

“

Thanks to the help of Cameron House and Ms. Fung, I learned how to communicate and express my emotions with my children in the support group. I also met some new friends in this group. Cameron House is like my second home. They did not only help solve my problems, but also cared about me.

“

I really like going to the women's support group, because my children are also welcomed to participate in activities. With Ms. Fung's help, I learned about the legal system in the United States and my rights. My children also have other teachers be by their side and help them, which makes me feel safe and very happy.
